- 

National Minimum Data Set

The National Minimum Data Set for Social Care (NMDS-SC) is the leading source of workforce intelligence for the adult social care sector in England. It holds details of more than **26,000** social care providers and their workers, helping produce rich data to inform future workforce planning for **1.6 million** adult social care staff

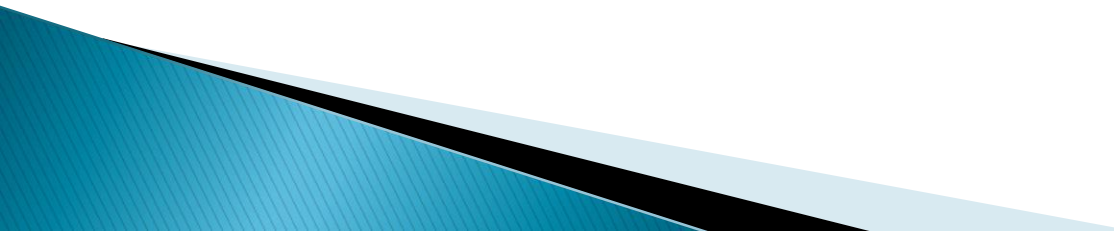

Workforce Development Funding

- ▶ Level 2 Diploma in Health and Social Care (minimum of 46 credits) – up to £690
- ▶ Level 3 Diploma in Health and Social Care (minimum of 58 credits) – up to £870
- ▶ Level 5 Diploma in Leadership for Health and Social Care and Children and Young People's Services, adult pathways (minimum of 80 credits) – up to £1200
- ▶ Funding for new framework will be issued 2017/18

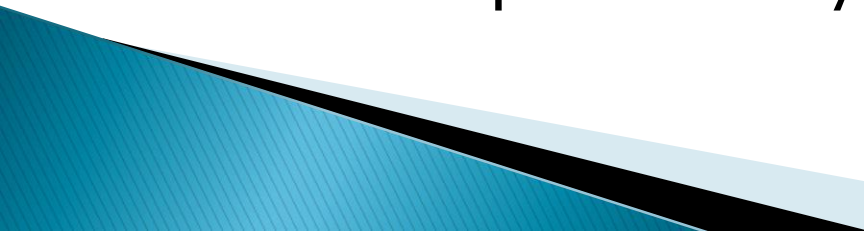

Workforce intelligence

- ▶ It is possible to extract local area information with regard to the learning and development of social care staff, i.e. only 9.5% of the workforce have received training in positive behaviour support and reducing restrictive intervention

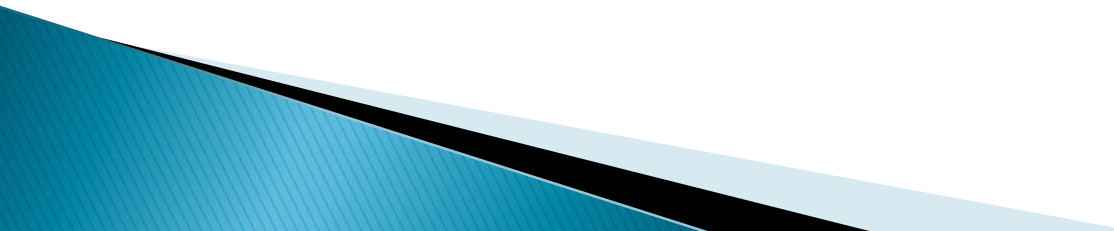

Positive Behavioural Support

- ▶ How can you evidence that you are working to reduce restrictive practice?
 - ▶ What models for positive behavioural support do you access?
- 

CQC should take action

- ▶ **Regulation 9** if staff have do not have effective PBS plans in place. ▪
 - ▶ **Regulation 12** if staff have not assessed or managed challenging behaviour effectively.
 - ▶ **Regulation 13** if staff have not taken reasonable steps to manage challenging behaviour in the least restrictive way.
 - ▶ **Regulation 17** if the provider has not monitored or audited the number of challenging behaviour incidents or other PBS plan outcomes.
 - ▶ **Regulation 18** if staff are not suitably trained in PBS or supervised by experienced people.
